.....:The New Renaissance::Manifesto :.....

This is our GLOBAL COMMUNITY.
We are here to safe-guard and protect it.
The Republic is to be Restored.
Peace is to be maintained.
Society is to flourish in balance with harmony,
environment, well being, and
true education, based not on
competitiveness but togetherness.
The White House will be a home
for those who wish to be heard; not a place of
fear and surveillance.

We are the Government.
The Government is its people.
People should not be afraid of their own governments.

We made this together.
It is all of us being called upon.
It is our values, our oaths, our hearts.
Each individual is at fault equally.
Now each will construct peacefully.

Hate only brings hate.
It is LOVE which brings peace.
It is LOVE which brings us to the way.

Our hearts emit the same frequency as the Earth.
They say that the universe is expanding, so if it's
expanding, what is it expanding into?

2012

The Greeks called it the Age of Enlightenment

We are one.

We know that thoughts are energy, they create
an energy and they can be directed. That is the
"secret" We are understanding the true powers
we hold within and the truth to the rules of this ride.

We must learn to love.
The vast problem with humanity today
is there is too much hatred around.

We must understand the governments have
enough money to continue war,
and to make excuses.
They can cure poverty.
They can give the poor their basic needs.
They can help.

CHANGE is NEEDED NOW.

It starts with you.

Be the change you wish to see.
As Americans we are unsafe not because of
terrorism but because we have lost
our civil liberties.

We are asking America to be true. We are asking
for justice. We are asking for peace. We all know
right from wrong. Torture is wrong.

Nothing shall you fear. The presence of fear
always means not allowing your Energy to flow
through. Know the natural way that you feel.

Love true, believe in yourself, meditate. You're
awakening now to those higher standards. This
is our world. This is our life.
What are you waiting for?

This is the time to act as one. This is the time
to unite. If we do not speak our voice we turn a
blind eye. We shall ALWAYS emit a positive light
to thyself and those around us. We shall always
remember to smile and to be true to ourselves.

We shall always be aware of our actions and our
life blueprints. Together we will unite with our
ill brothers and sisters who have been
deceived and led astray.

He who is greatest among you shall be the servant.
Everyone can be great because everyone can serve.
To Protect and SERVE not demand and RULE.

TRUTH PEACE UNITY

The Global Movement / Hoboken NJ

This feels like a dream.
This feels like dejavu.

2011

The New Year began.
I was told to make it Triumphant.
The Global War continued.
The Global Crises grew.
Technology ate out our souls.
Everyone was too busy.

I woke up with pains in my stomach.
Japan had a 9.0 Earthquake.
America invaded Libya.
The TSA broke Ammendments.
Our banks started to steal our money.
Our economy continued to decline.

Wikileaks brought out some horrid truths.
More earthquakes and Hurricanes came.
Oil spills seeped into our seas.
Television became demoralized and distracting.
Nobody cared anymore.

I felt so alone for so long.
I was waiting for this.

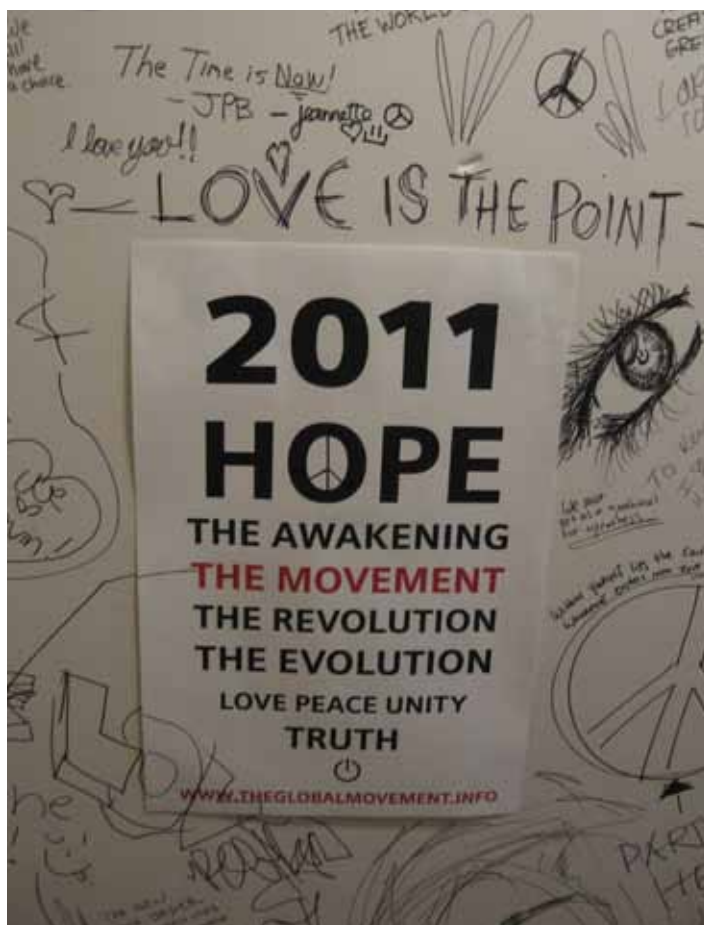

I watched it come.
I continued for a year to warn everyone.
My father was always right.
It would take people to get mad.
It would take people to loose something.
Liberty?
Money?
Protection?

It was humanity which was lost.

2012 became a beacon for a New Age.
Not of depressions and war..
But of Peace and Understanding.

Ten Years after 9/11 something happened.
The whole world realized something bad happened.
We did this.
Now we will fix this together.

This is The Movement.

:::The New Renaissance::: Day one

The Global Movement 9-17-11

The agenda of TheGlobalMovement.info is to unite each group together and create propaganda with each of our websites, contacts, and messages as we come together in a single common voice. This is not just politics.

This is the goal to come from this occupation.

The overall message is not a simple black and white answer. I wish it were. We are merging all groups involved with this occupation into one global force. (This isnt just Wall Street).

This is only the beginning.

We are ALL speaking our hearts, our minds, and coming up with directives and agendas which we think work best for civilization and the well being for all mankind. I applaud you all.

This is *NOT* a protest. This is an assembly.

This movement is about bringing change and Hope back to the world. It is not occurring just here in NYC, but all across the globe in all the financial centers. We are not leaving until we are heard and Change can take place.

Each has a voice to be heard. This is your chance to be a part of the new Renaissance.

I have my own words and I am sure you lovely people have yours. You have to take action into your hands. I can not tell you what to think and voice.

This is the great global awakening.

This is not just about politics.
This is about the whole system of humanity.
This is about you.

**WE ARE OCCUPYING WALL STREET
TOGETHER TO BE HEARD.**

**WE ARE OCCUPYING WALL STREET TO
AWAKEN OUR BROTHERS AND SISTERS.**

A clear message will be constructed.

This is the beginning.

With every step begins a journey.

We will bring back Justice, we will bring back Peace, we will bring back the ideology that 2012 can be a new dawn for us, not a fearful end. We want to uplift society, remember our morals and values, and work together to form a true global community as we end corruption and restore our republic.

I hope to see you join the efforts in this monumental process.

THE MOVEMENT

:::The New Renaissance::: Day two

The Global Movement 9-18-11

Man is man because he is free to operate within the framework of his destiny. He is free to deliberate, to make decisions, and to choose between alternatives. He is distinguished from animals by his freedom to do evil or to do good and to walk the high road of beauty or tread the low road of ugly degeneracy.

We are saying we are determined to be men and women. We are determined to be human beings. We are gods children and we don't have to live like we are forced to today. We've got to stay together and maintain unity.

You know, whenever Pharaoh wanted to prolong the period of slavery in Egypt, he had a favorite, favorite formula for doing it. What was that? He kept the slaves fighting among themselves. But whenever the slaves get together, something happens in Pharaoh's court, and he cannot hold the slaves in slavery. When the slaves get together, that's the beginning of getting out of slavery.

Now let us maintain unity. STRENGTH, WILL, EFFORT

Regroup, build sound practical decisions, then follow through. Be prepared; to have a deeper understanding of what is asked of us at this time as we make an effort to bring everything into balance.

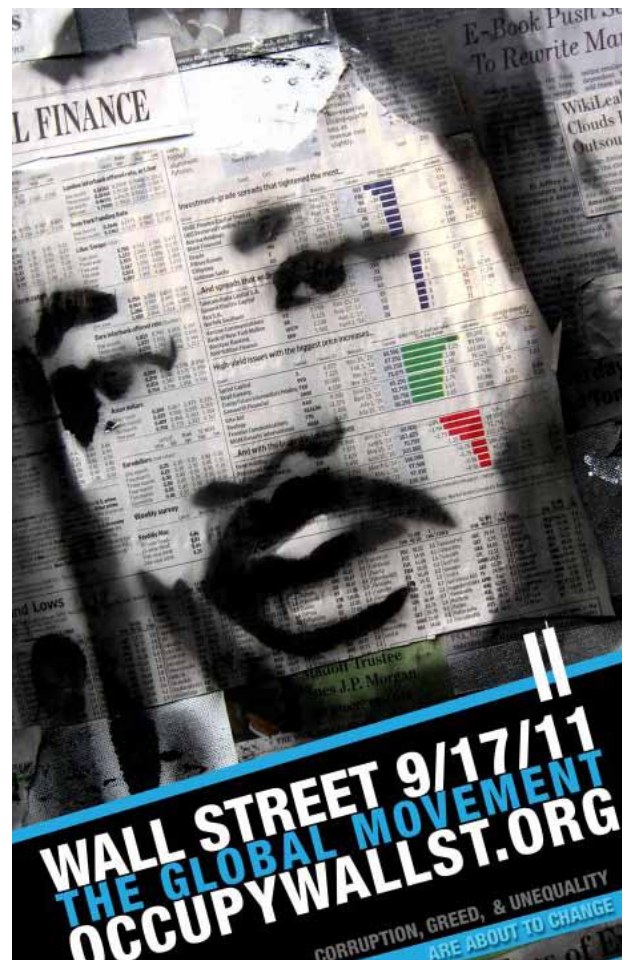

It's wrong to hate. And so long as we adopt this relative attitude toward right and wrong, we're revolting against the very laws of the Universe itself.

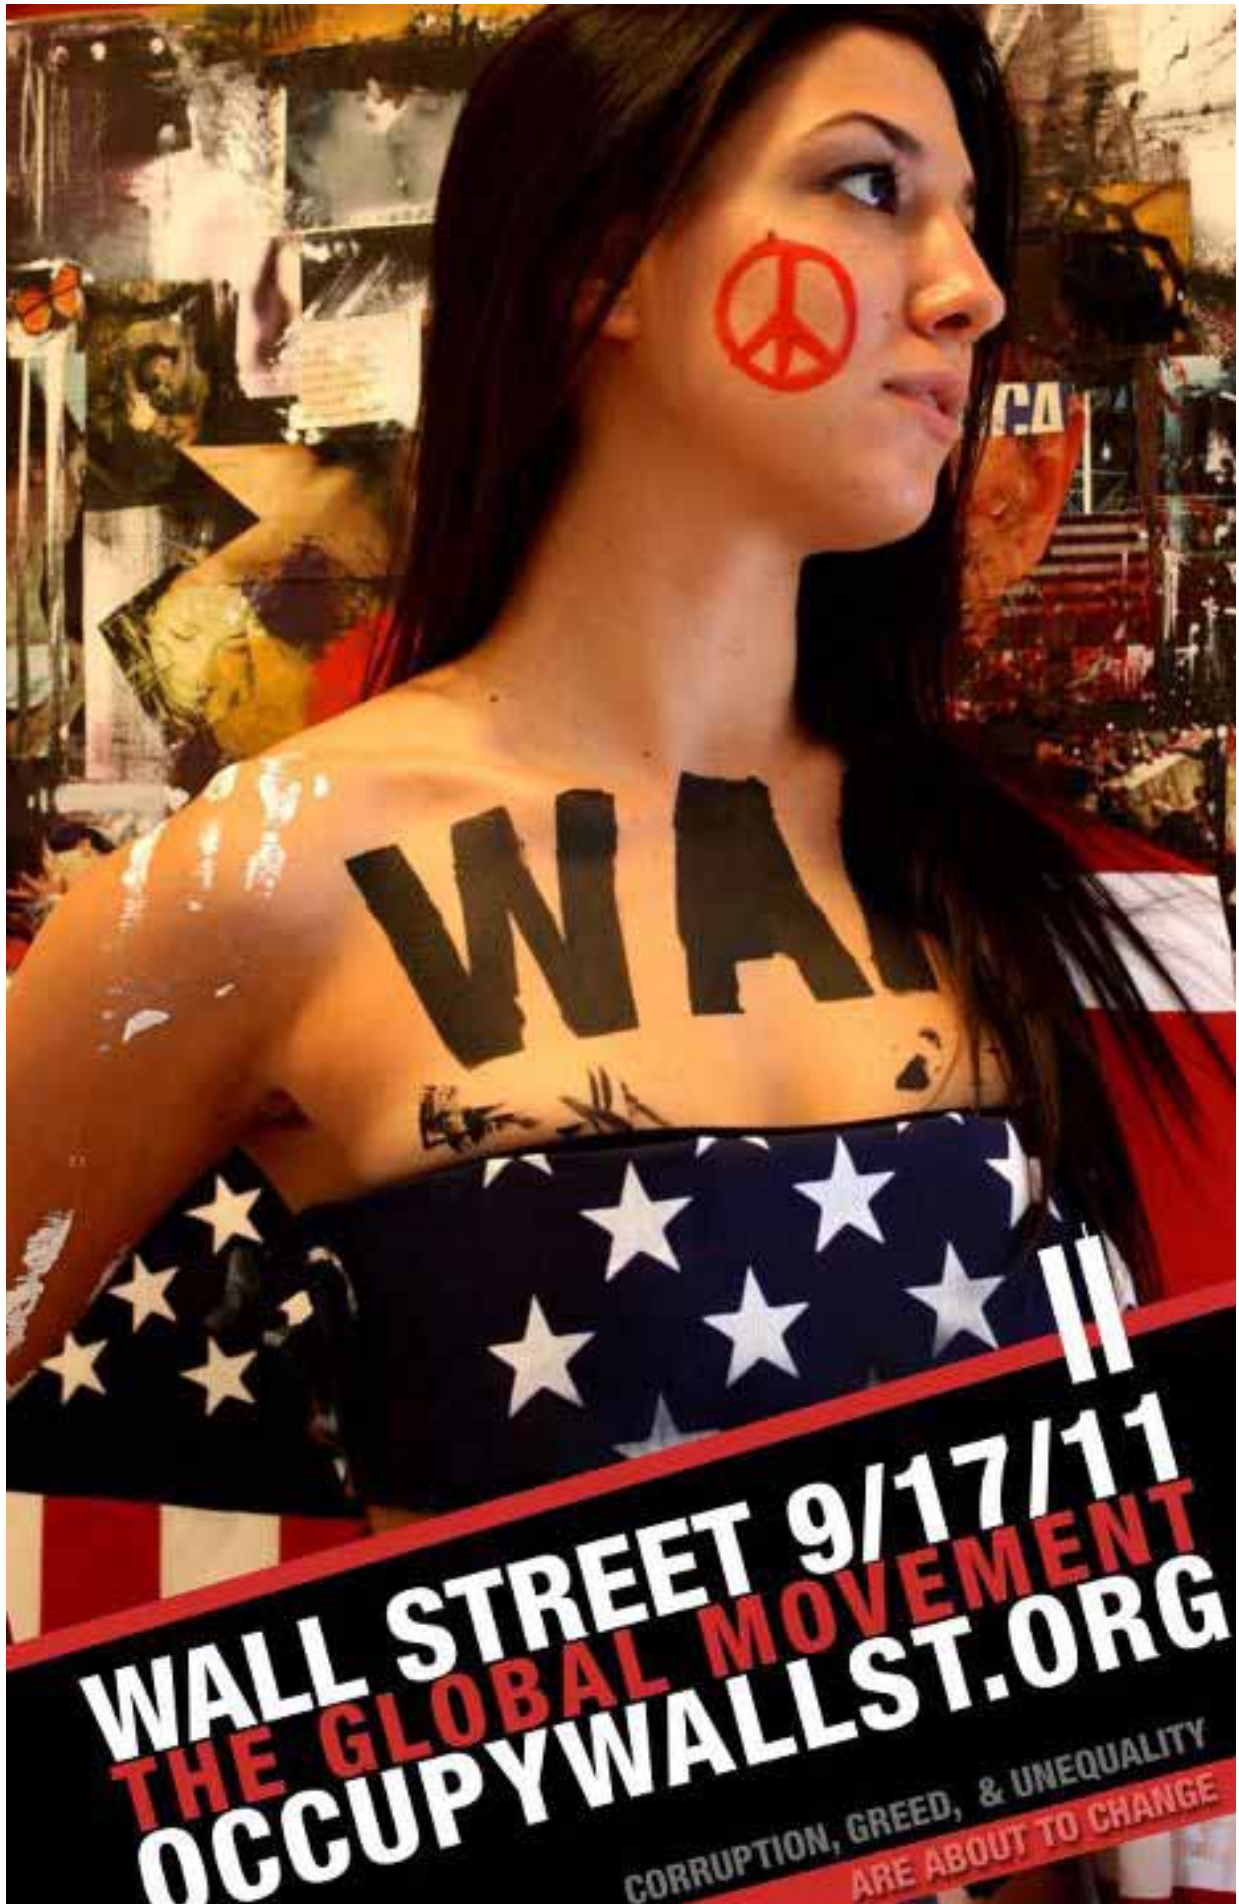

If you don't get caught, it's right. That's the attitude, isn't it? It's all right to disobey the good Commandments, but just don't disobey the eleventh, "Thou shall not get caught." That's the attitude. That's the prevailing attitude in our culture. No matter what you do, just do it with a bit of finesse. You know, a sort of attitude of the survival of the slickest.

It's all right to lie, but lie with dignity. It's all right to steal and to rob and extort, but do it with a bit of finesse. It's even all right to hate, but just dress your hate up in the garments of love and make it appear that you are loving when you are actually hating. Just get by! That's the thing that's right according to this new ethic.

My friends, that attitude is destroying the soul of our culture. It's destroying our nation. The thing that we need in the world today is a group of men and women who will stand up for right and to be opposed to wrong, All I'm trying to say to you is that our world hinges on moral foundations.

This is a law-abiding universe. This is a moral universe. It hinges on moral foundations. If we are to make of this a better world, we've got to go back and rediscover that precious value that we've left behind....

:::The New Renaissance::: Manifesto Day three

The Global Movement 9-19-11

Our children need true education systems. Our children need wisdom, knowledge, and truth. Assistance is needed for the poor and elderly.

Our country needs to support itself. Our manufacturers need to make products here, with workers here, and make not just jobs, but careers. Our media needs to be broken up and true voices must be heard again. True journalism will return. It has. Look at what we are doing here. We will not be ignored. We will no longer hear false fears. We have the right to assemble. We have the right to speak and be heard. This is our city. This is our land. You are our police. You are here to protect the people and to serve the people. Together WE ARE AMERICANS. We must listen to our hearts and make the right choice. We can no longer accept torture, we can no longer accept illegal war occupation, we can no longer accept these horrible conditions dropped upon us. We are human beings and we will have our God Given rights. For Truth, Justice, and the real American Way!

THIS IS JUST THE BEGINNING!

OPERATION: PROPAGANDA 9/23/11 OCCUPY WALL STREET

I call upon you for our new operation this Friday through Sunday. A massive undertaking in-the-works will be given out at all 4 corners of Liberty Square (which is our home for now on).

We will need small groups to help in this project. The one thing that stands out to me is that the overall message is being lost amongst so many with so many messages.

I call upon you to gather anyone who will be useful in this operation together.

We will call an assembly of our own to address everyone in our square.

This is the beginning.

Around noon we have a separate group marching off towards 42nd street to awaken the masses with signs which have specific quotes and positive messages to help the masses understand the undertaking.

This march will be led by the generals of each movement involved so that all are heard and addressed.

We hope this sends an electric current up into Broadway and out through the whole of New York City.

Please contact myself if you can make it, have availability to printers to help the printing operation, or wish to become a bolder leader in this movement. Thank you all for the kind support. We are one.

Freedom is never Free.

Don't let go of this beautiful momentum.
Don't go home and wait for this to work out.
Freedom only comes from persistence.

:::The New Renaissance::: Manifesto Day four

The Global Movement 9-20-11

BIRTH OF A NEW NATION

Remember Remember the 11th of September
The terror plot which started war worldwide.

The unificatoin of big banks worldwide.

This is a new world.

We scream out FREEDOM.

We chant our LIBERTIES.

This is a BIRTH of a NEW NATION

Lets bring our flags out

As we all did on 9/11

Lets let America know

how much we LOVE our Liberty

Lets let the world see our Light

Together across the globe this message
must be heard. This is a New Nation.

A New America has come into being.

Nothing is going to stop us now.

All of Congress will hear us now.

All of the world will hear the birth of this new nation.

If anyone has a problem with our assembly

Please see the Constitution.

We have the right to peacefully assemble.

You will hear us now.

Is this still America?

We are one people; we are one nation; and
together we will begin the next great chapter in
the American story with three words that will ring
from coast to coast- from sea to shining sea-

YES WE CAN.

You were right Mr. Obama.

This is OUR message now.

YES WE CAN.

FOCUS. BE CLEAR. HAVE PATIENCE. CONCENTRATE.

A notice for us to learn from:

"Clarity is important, intention is important, single - mindedness is important in realizing any goal or vision. I attended the event on Saturday and what I saw was a mishmash of people who wanted to take part in some sort of social change but couldn't agree on a single theme. This will not create anything meaningful. I was in tel aviv over the summer and saw thousands of people successfully take over a major street for months, peacefully because they were unified under a single cause, changing the pricing structure around housing. That action is unfortunately ending now but if you asked the average tel avivian what that protest was about they would have been able to clearly articulate what the goal of the street encampment was. I was in Duane reade, Starbucks, on the street and in the park before, after, and during saturdays action and no one observer had any idea what this event was about. I couldn't even tell them because while I was there I saw so many different messages I had no idea what the central theme was. What I am about is UNITY and CLARITY with single - minded intention and focus, I can't honestly tell what your group stands for or what it hopes to achieve and that's sad because I feel you are genuinely trying to create some good in the world but I don't think the approach you're using will be of much use to you." *Thank you Keryn.*

**LIFE IS LIVE YOUR DREAM,

Mr. Obama was elected in order to stop the illegal and senseless wars. Instead, Obama both continued the wars in Iraq and Afghanistan and expanded the wars into Libya, Pakistan, and Yemen. Since the deregulation of the financial system under the Bush/Cheney regime and the “war on terror,” the entire economy of the US has been sacrificed for the benefit of the financial sector and the military/security complex.

The government is here to protect those less benefitted and fortunate not support corruption and greed.

The US government’s account of 9/11 is the foundation of the open-ended wars that are exhausting America’s resources and destroying its reputation, and it is the foundation of the domestic police state that ultimately will shut down all opposition to the wars...

A very important message I want to share with my all friends :- “Truth does not become more true by virtue of the fact that the entire world agrees with it, nor less so even if the whole world disagrees with it.”

“ Try not to entirely avoid thinking about the choices you have made, but reflect on the consequences of your decision from a rational rather than an emotional standpoint. Strive to understand why you made the choice you did, forgive yourself, and then move forward. ”

Here’s what we can do to change the world right now, to a better ride:

Take all that money we spent on weapons and defense each year and instead spend it feeding, clothing, and educating the poor of the world, which it would many times over, not one human being excluded, and WE CAN EXPLORE SPACE, TOGETHER, BOTH INNER AND OUTER, forever ... in peace.

It’s only a choice. No effort, no work, no job, no savings of money. A choice, right now, between fear and love. The eyes of fear wants you to put bigger locks on your door, buy guns, close yourself off. The eyes of love, instead see all of us as one.

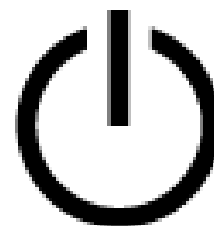

You must follow your heart.

Enjoy your day and the love of the people around you.
Unleash your passion.

The Global Movement 9-21-11

The fact that the African continent, on which Libya is located, has collectively refused recognition to the new rebel regime is significant. NATO has acquired a Military Outpost In its Third Continent as it leaves soldiers and a base established. This “war” will not end until the global authority is done with Agenda 21.

In 2011, the United States had its dominance of the Middle East seriously threatened due to massive peaceful protests that were sweeping the Arab world. No longer were people going to put up with corrupt and oppressive regimes that were backed by Washington. No longer would they put up with horrid dictatorships in which the only freedom they had was to obey. In 2011 began what would be known as the Arab Spring.

Do something to enhance the beauty in your life. It'll prove to be quite an inspiration.

Try not to entirely avoid thinking about the choices you have made, but reflect on the consequences of your decision from a rational rather than an emotional standpoint. Strive to understand why you made the choice you did, forgive yourself, and then move forward.

THE FUTURE OF HUMANITY

The Future of Humanity
Exists in Two Forms.

The "Crisis's" instilled on humanity beginning with the September 11th 2001 destruction of World Trade Center buildings 1, 2, and later unknown to most Americans building 7 have reached worldwide stature. The destruction of absolute Liberty through taxation, of absolute freedom thru new provisions on the internet, alternative media, farming, oil, biased media, and lobbying banking groups who have successfully overthrown America's congress will end America as we know it.

A Global Financial War, A Global Food Crisis, A Global Corruption Crisis, A Global Freedom Crisis, A Global Warming Crisis being corrupt

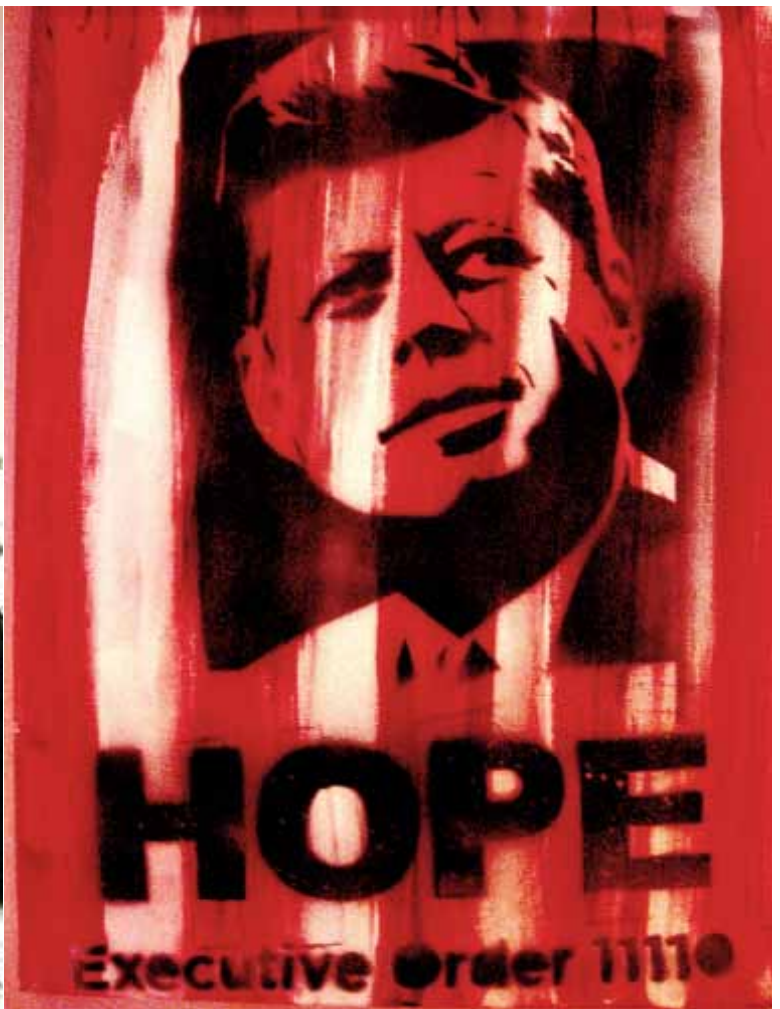

by the Worldwide Carbon Tax upon all humanity, A Global War on Terror... Simply a Global Tyranny Crisis.

We must act as one and together if we wish to pull humanity thru this dark era.

A Massive Police State fashioned on high tech surveillance invasion of absolute privacy mixed with a growing power thru corrupt bailouts is the main core structure of humanities destruction under the veil of security and primal needs and entities of every living being. Absolute Power corrupts absolutely.

The re-structuring of the world has begun in the aftermath of 9/11.

Novus Ordo Seclorum.

On September 11th 1990 George Bush Senior (CFR member, Bohemian Grove member, agitator of spreading war through the great military industrial complex, billionaire of oil enterprises, son of a Wall-Streeter- Prescott Bush who collaborated with the Nazis during time of war) declared a New World Order. He declared their 5th agenda, whatever it may be- to be accomplished- not by the rules of the jungle, but by their rules. What are the rules you ask?

1984 is slavery of the mind.
Slavery of the spirit.
Slavery of the essence.
One is no longer human in a society like that.

That is the goal for humanity as Globalization further exceeds their power and project the new ways of life upon us from ultimate angles.

"The money power preys upon the nation in times of peace & conspires against it in times of war. It is more despotic than monarchy, more insolent than autocracy, more selfish than bureaucracy. It denounces, as public enemies, all who even question its methods or throw light upon its crimes. I have two great enemies, the Southern Army in front of me & the financial institutions at the rear, the latter is my greatest foe. - President Abraham Lincoln

A great atrocity is taking place around us in this great country we once called land of the brave. I suppose we can no longer say this since we now promote torture. How can one be brave if one tortures. Martin Luther King once said, You can not fight TERROR with TERROR. He was right.

We have since spread terror and created new

“terrorists” into more than 86 new countries. We have full on scale wars in Iraq, which was stated by even Henry Kissinger as being just purely for oil. We went there based on absolute fabrications of Weapons of Mass Destruction and fear. We are now still in Afghanistan even though the new president elect Barack Obama swore he’s get us out. He also swore government transparency but failed to do that as well. 2010 had record amounts of troop death compared to all the years since 9/11 on. Something is amiss here.

Why are we allowing our fourth amendment rights to be taken away by the TSA as they humiliate us and are by law told to touch our genitals and squeeze wom-

en’s breasts? People still get thru with huge knives in their bags, matches, and all sorts of “harmful” material. One can not live a life of fear and structure the world around oneself in fear. We must finally awaken to what we are and begin to come together in this dawn of a new age.

Our constitution has become under attack since 9/11. Our President Bush declared he would uphold Freedoms beacon, yet somehow we have lost our liberties to false securities. We have unwarranted and unconstitutional wiretapping and surveillance of everything we access online, everything we purchase, everywhere we go, everything we say... everything. Privacy is dead. The Patriot Act 1 and 2 successfully has transferred power into a new branch of government called Homeland

Security. Hitler had a Homeland Security as well which he used to protect the citizens from dangerous “terrorists” after he created a false flag attack burning his own parliament and blaming it on the Polish, whom he began his “war” on.

The Military Commissions Act is just one of the many unconstitutional laws passed since the staged 911 attacks. Let us not forget about

the John Warner Defense Authorization Act of 2007 and the Patriot Act 1&2 which pretty much has destroyed the Bill Of Rights. The point is that the government is out of control and Americans for the most part have no idea that their rights and freedoms are slowly but surely being erased especially the people who do not surf the Internet. Speaking of the Internet there are some very real threats to it’s neutrality. For some reason the government does not like the idea of a platform where free speech and independent thinking takes place. What are they so scared of, maybe it is that people might go to the Internet instead of getting their news from the controlled corporate media that they put on the TV. Another threat to free speech is H.R. 1955 which basically says that you yes you could be a homegrown terrorist if you write or speak or post video

which shows an opposing view to that of the government.

The goal is a one world government. The Euro, The North American Union (SPP) The Asian central bank. The goal is everyone to have an RFID chip implanted in them. Cash will exist within those chips. Anytime you have money the bankers can take whatever they please as they track you every part of the way. This is coming from Senator Rockefeller himself.

Throughout history many people have warned us. The globalization is now occurring. It was made possible by the very 9/11 attacks which have pushed our government and now the world onto this chaotic out of control tyrannical despotism.

I can go on for hours about the labor camps created by Halliburton just waiting to be used all across America, Project Endgame of Homeland Security, the scientific dictatorship helming the Eugenics program which now is being openly pushed under the guise of population control in respect to "Global Warming."

We the people of this world have entered a time where we can access information, seek wisdom, and create from inspirational things all across the world. The internet has connected us together again. It is time we create a unity and a balance of powers for this land we call our own. If America falls... there is no where else to go.

We must realize these truths now and stop ignoring them. We must stop putting these things off for our entertainment because there will come a point where we will not be able to any more. The time has come where every man, woman, and child of this great planet must awaken their spirits to come together to truly bring this CHANGE we were promised and create a new era before us at the

changing of the age in 2012.

Down at the core of each cell is an atom. Within that atom is a quark. Within that are three balls of energy we call Glutons. Everything we know encompasses this. That energy makes up everything we are and everything we see. Everything. We are all one at that level. We are all one. We must start acting like it. Thank you.

THE MOVEMENT

Good afternoon and thank you all for coming. It means very much to me and I hope this means something to you. I have taken a portion of my life to construct this message back to you- the people who walk and live around me. I have always been called an artist, a thinker, a lover. My love is the one thing I can always count on. It is my passion and my will. When we focus on our goals and walk to them step by step we accomplish something much more than just goals. We become one with what we are.

This movement is designed to be the unification of all movements. It is time I believe in this globalization era that so to the Movements must join in collective understanding and with like-minded goals for a better and more prosperous future of not just ourselves but for all men and women around the all the world.

Why does it hurt me when I hear about all the little children in Guatamala that were killed with test vaccinations by the leaders of my own country that I live in. Why do I feel awful when I think about those men and women trapped in our World Trade Centers burning alive when I now know it was 100% allowed and in some instances pushed along to occur? It was allowed and pushed along to occur.

This is really where all this begins for this conversation anyway. 9/11 was the pretext for the war on you. What is 9/11 and why is it so important to understand in every detail that is out there to us? 9/11 was an event in US History which changed the way the country was founded to be and forever changed the world which will now never know peace. It started a "War on Terror" which had started in Iraq based on absolute lies of mass destruction and absolute fabrications in the now corrupt media, which was used to gain our support.

The media has been bought and merged for a long time now. The facts are the facts. This is Marketing 101 for those who missed it. I remember in college there was a spread of all the worlds media, newspapers, internet providers, television stations, news stations, cellphone carriers, radio stations- all of them.. they were all basically controlled by 6 men from Israeli. Now why is this important? This just simple shows us the true world we are living in. Take a moment to broaden your view. We live in a global world today and must be aware of why that is important for it effects our very lives in very dramatic ways.

Israeli is a nation which was formed out of WW2. There are many types of jews. Nobody wants to even discuss the jews out of fear they will be labeled discrimitive towards them. Many people and many nations have been suppressed and at war in this world. The Jews certainly have their involvement in history and that is important to note as well. What is a Zionist? A Zionist is a specific group of people within Israel who have taken over the Israeli settlement and have since taken over a great deal of our congress, media, healthcare, and education foundations. It is not something to conspiracieze about or become angry with. These are the facts. What is important is what are these people's global view for us and our world? To find out all one must do is read their own statements and their own doctrines. It is all available for the public and many are in the know of this. Here is a quote by an Israeli Spokeswoman.

"You know very well, and the stupid Americans know equally well, that we control their government, irrespective of who sits in the White House. You see, I know it and you know it that no American president can be in a position to challenge us even if we do the unthinkable. What can they (Americans) do to us? We control congress, we control the media, we control show biz, and we control everything in America. In America you can criticize God, but you can't criticize Israel..."

Israeli spokeswoman, Tzipora Menache

And I must add- Hate brings Hate. It is not a group. It is not our ill brothers and sisters. It just is and we will peacefully change this now.

Please forgive me for taking the time to educate those who are not aware, but please listen because these next few statements are the most important things you will ever hear if you truly wish to understand what is going on around us and why.

America was found much earlier than 1492 by Columbus. We know this now. We know the Indians here traded with the Romans and even the Chinese in some instances. An Egyptian princess who went missing in Egypt actually was found and talked about in South America. So we know that this New World was known by some people in the Old World of Europe.

What really is interesting about all this is the structure called The Newport Tower in Rhode Island. No one knows who made it. It was here BEFORE Columbus arrived. Some say it may have been the Nordics but nothing in early Norse architecture is similar, in size or appearance, to the Newport Tower. Why is this important? We have since x-rayed the ground and we know there is a hidden chamber under it. We are not allowed to enter it however because it is currently on land owned by a Jewish Temple and they will not allow anyone to enter it. Don't you think it would be a good thing to see what is in this mysterious Ancient American temple?

To go back a little further; it appears it has a direct connection with The Templar Knights of Europe. This is important in this conversation because The Knights Templar were the first people to start Fractional Reserve Lending which is the basis for our banking system today. They were considered the first bankers of the world. What fractional reserve lending

is, is this: When you go to the bank to have them hold your money to protect it, they actually lend it out to make money on your money. They lend it out. The problem with this is that if everyone went to the bank to get their money they would not be able to return it. This is why the banking cartel had become so rich and powerful. They generated so much money based on nothing but lending your own money out behind your back. It is simply just accepted now and nobody even realizes why that is important.

The Templar Knights were the great crusaders after Christ supposedly died and the Roman Church hijacked his teachings and began an international war, which we call The Crusades. They entered into ancient Iraq and battled in Iran. We are continuing this war today. This is what is most important to understand. People have been at war for thousands of years. They will always be. The beginnings of these wars are most important to be taught so that there can be peace and resolution and educated people with hearts and values again. What are they teaching our children in school today? Look at these children. Just look at how they live.

Television shows half clad teenaged girls in little racy outfits complaining about materialistic things and crying about what they don't have when they want it immediately. The men drink and run around wildly even punching girls in the face. This is what your children are seeing whether you like it or not. It is available to our culture in multiple ways since the internet's construction. Where are the good family values and the stimulating mysteries which we should be looking at but have since led the masses away. Why do you think everyone in this generation is called the RX generation? Why are they so depressed and conflicted with themselves? Can it possibly be that living in this automatic, automated devalued society is the precise reason why the mind is at conflict with itself?

Look at the food we are subjected to eat. It's not even food for the most part. We are human beings. We were created to live in balance on this Earth with what was provided for us already by Nature itself. Our body works this way. Our society has brought us down the path to the technological age and now globalization. We are living so quickly and without thought and just accepting how things are because that is how they are. This is dangerous. Because of this mindset we now have that much greater crisis's at hand to deal with as a world and as a people.

Codex Alimentarius is now in effect. Do you even know what this is? Have you heard about this on your trusting tv? Probably not. It is now global. It is the global control over the food and water supply for all of mankind. Interesting huh? Who controls the food and water can do whatever they wish to those eating it. The interesting part is that these same people are the same people in these international round table groups who have pretty scary Agendas which you also have not been told about.

THE WORST FORM OF LYING IS WHEN THE TRUTH IS JUST IGNORED AND NOT TALKED ABOUT. When you yourself admit the truth of things that would upset your loved ones know this. You simply just push it out of mind and pretend it has no meaning. This is wrong. We all know this. I am trying to bring us together again as so many before me have done. I may fail in my lifetime, but I will certainly try. I will certainly hold my heart up high and try again and again to be better and more pure. I want to believe that there is something good within us that was left in us to awaken to. I want to believe in love. It starts right now. It starts within. It's a choice.

I love you.

We shall not live in fear of terror. We can not

fight terror with terror as Martin Luthor King once said. We must truly start taking responsibility in this world and we must start becoming the people we are underneath. Lets put down the remotes, turn off our monitors, lets get out there together and talk like we once used to. Lets feel that joy rise in our bodies and laugh in our smiles. We can be these people we try to be when we do. For all those Sunday school believers, all those who believe in some higher power, something going on behind the scenes whether you see ghosts of loved ones or signs on the street- the mystery to life is all around us and together we can come much clearer if we just listen and try something new. It's been too long this world has been waiting for some savior or some miracle to bestow upon its people. I believe it is here. It has always been here. It is within us.

Thank you.

QUOTES WE ALL SHOULD KNOW

"Let us never tolerate outrageous conspiracy theories concerning the attacks of September the 11th; malicious lies that attempt to shift the blame away from the terrorists, themselves, away from the guilty."

-President George W. Bush

After spending the better part of the last five years treating these theories with utmost skepticism, I have devoted serious time to actually studying them in recent months, and have also carefully watched several videos that are available on the subject. I have come to believe that significant parts of the 9/11 theories are true, and that therefore significant parts of the "official story" put out by the U.S. government and the 9/11 Commission are false.

Bill Christison , former National Intelligence Officer and the Director of the CIA's Office of Regional and Political Analysis

There were 11 countries, including the UK,

who gave intelligence to the USA to that effect [that the World Trade center attack was planned for 9/11].

~ **Michael Meacher (born: 1939-11-04 age: 71), former environment minister, Secretary of Commerce and Secretary of Health in the Blair cabinet.**

For the next hour and 40 minutes [after the first 9/11 hijacking] no aircraft was put into the air, even though there was the Andrews Air Force base 10 minutes from Washington DC, a flight of F16s, a whole squadron, of top level fighters. No planes were flown in from other air force bases even though at top speed they were certainly within range. How did that happen? We know that when an aircraft goes off course, it is legal requirement that aircraft are put into the air to check on the position and purpose of commercial aircraft. Why on this single day did that not happen? In the previous 9 months, it had happened 67 times. It was a routine procedure. Why did it not happen on this very important day? That question has never been answered.

~ **Michael Meacher (born: 1939-11-04 age: 71), former environment minister, Secretary of Commerce and Secretary of Health in the Blair cabinet. Actually the question has been answered, but not officially, in Mike Ruppert's book Crossing The Rubicon. Cheney ordered the interceptors to stand down.**

The CIA was keeping an eye on 14 of the 19 hijackers, such as Mohammad Atta in Hamburg, without the Germans knowing about it.

~ **Andreas von Bülow (born: 1937-07-17 age: 73) Former German Secretary of Defense. (original in German)**

They [the Americans] made sacrifices [in 9/11]. Most likely it [9/11] is a psychological warfare operation. It is a form of war, and in a war it's acceptable that people die... even on your own side. In this deception [staging 9/11], killing is allowed to achieve a higher goal.

~ **Andreas von Bülow (born: 1937-07-17 age: 73) Former German Secretary of Defense. (original in**

German)

People who are defenders of the US constitution against federal government and the UN and make numerous references to the US constitution should be monitored as potentially murderous and fanatical terrorists by extension should be considered mentally unstable. [Under the new Freedom Commission, mentally unstable people must be medicated on a compulsory basis.]

~ **FBI Counter Terrorism brochure from the Phoenix office**

How Orwellian, the compulsory medication of patriots to zombify them is ordered by the Freedom Commission.

I measured pieces of Soviet equipment from photographs. It was my job. I look at the hole in the Pentagon and I look at the size of an airplane that was supposed to have hit the Pentagon. The plane does not fit in that hole. So what did hit the Pentagon? What hit it? Where is it? What's going on?

~ **Albert Stubblebine , Major General, former head of Imagery Interpretation for Scientific and Technical Intelligence.**

Everybody's worried about stopping terrorism. Well, there's a really easy way: stop participating in it.

~ **Noam Chomsky (born: 1928-12-07 age: 81)**

I call for a serious investigation of the hypothesis that WTC 7 and the Twin Towers were brought down, not just by impact damage and fires, but through the use of pre-positioned cutter-charges. I consider the official FEMA, NIST, and 9/11 Commission reports that fires plus impact damage alone caused complete collapses of all three buildings. And I present evidence for the controlled-demolition hypothesis, which is suggested by the available data, testable and falsifiable, and yet has not been analyzed in any of the reports funded by the US government.

~ **Dr. Steven E. Jones (born: 1949 age: 61)** retired Physics Professor at BYU. In other words, the US government covered up the fact they took the buildings down themselves with explosives planted long before the planes hit.

When you give up liberty for security, you don't get security, you get the T word, tyranny.

~ **Alex Jones (born: 1974-02-11 age: 36),**

Mohammed Heikal is a brilliant Egyptian journalist-observer, and sometime Foreign Minister. On 2001-10-10, he said to the Guardian: 'Bin Laden does not have the capabilities for an operation of this magnitude. When I hear Bush talking about al-Qaeda as if it were Nazi Germany or the Communist Party of the Soviet Union, I laugh because I know what is there. Bin Laden has been under surveillance for years: every telephone call was monitored and al-Qaeda has been penetrated by US intelligence, Pakistani intelligence, Saudi intelligence, Egyptian intelligence. They could not have kept secret an operation that required such a degree of organisation and sophistication.

~ **Gore Vidal (born: 1925-10-03 age: 85),** *The Enemy Within, 2002-10*

[Bin Laden supposedly confessed] to the al Qaeda September [attack] on the two towers in New York [claiming to be] the author of the 9/11 attack, while all the [intelligence services] of America and Europe... now know well that the disastrous attack had been planned and realised by the American CIA and the Mossad with the aid of the Zionist world, in order to frame the Arabic countries and in order to induce the western powers to take part... in [invading] Iraq [and] Afghanistan.

~ **Francesco Cossiga (born: 1928-07-26 age: 82),** former president of Italy, 2007-12-06, original in Italian, *Corriere della Sala* newspaper

The former president of Germany's domestic intelligence service, Eckehardt Werthebach

(American Free Press, 2001-12-04) spells it out. The 9/11 attacks required 'years of planning' while their scale indicates that they were a product of "state-organised actions". There it is. Perhaps, after all, Bush Jnr was right to call it a war. But which state attacked us?
